

Pebbles

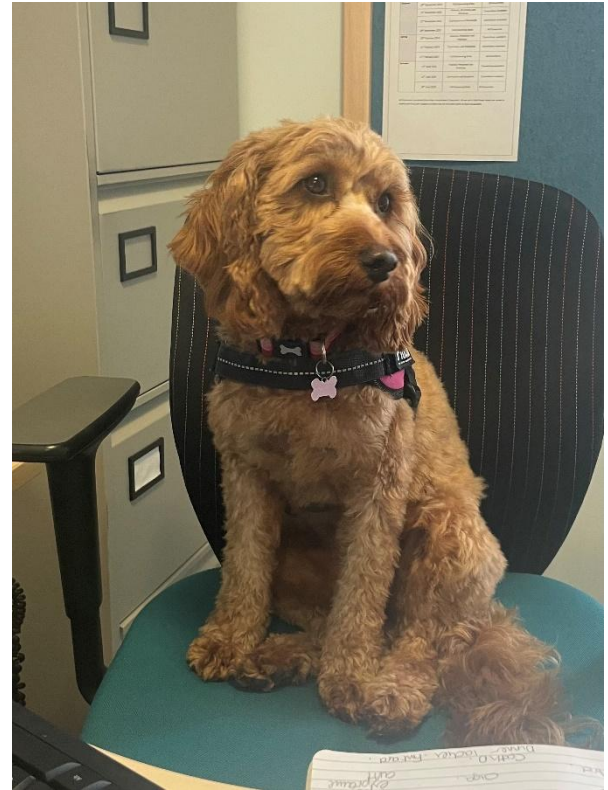

OUR

The Dog Mentor

Hi, my name is Pebbles, and I am your dog mentor. I am here to help you every day in lots of different ways. Most importantly I'm here to be your friend. There are lots of ways that you can help me to be happy and safe in school...

The Dog Mentor 

Working with the Dog Mentor

- There should be no more than two people around me at a time
 - Always ask before stroking me
- If given permission to stroke the me, you must lower yourself to the ground
 - Approach me using your Dog Mentor calm breathing
 - Stroke me from the chest or shoulder down to the tail
 - Never reach over the top of my head
- Make sure your bags are put down first so they don't swing and hit me

Playground

- When approaching me, try not to shout or be over-excited as I may get scared
 - Always walk towards me
 - Never stroke me when standing behind me
- If you are playing with a ball try to keep the ball from travelling in my direction
- I don't like it when people crowd around me - always ask permission to approach

Moving around the School

- Always walk around the school sensibly
- Don't reach out to touch me when I'm passing
 - Use indoor voices
- Try to keep my name inside your head rather than shout it out

I love working with you all I love
being a part of your school!
