

2 ways in which you can give money to school without paying a penny!!!

Dear Parents/ Carers,

At this time of year I am sure lots of you may be purchasing presents for Christmas online. If you are there are 2 simple ways that you can raise money for our school, through the PTA, without costing you an extra penny.

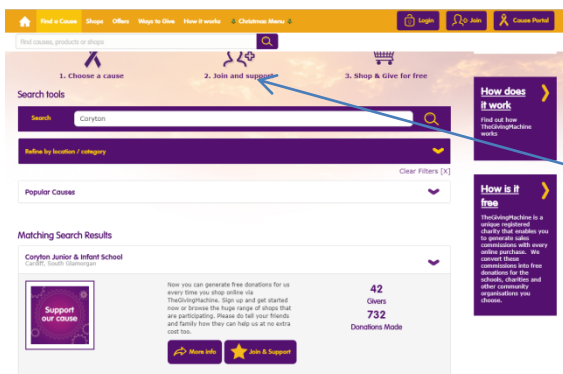

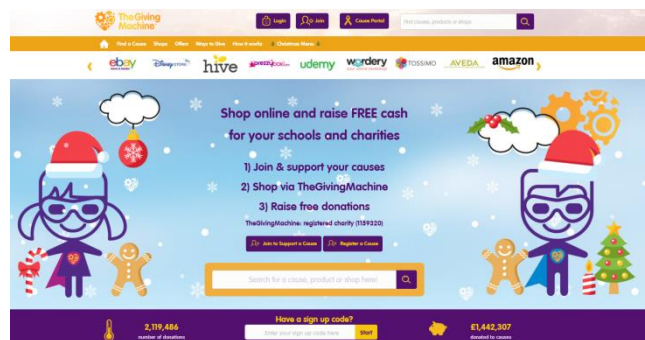

Giving machine

All the major online shops can be found through the giving machine website. They will donate a small percentage towards the school based on what you buy through them. Below I have shown a simple users guide as how to get set up on 'the giving machine' a process which took myself just 4 minutes to complete. We would be very grateful if you could consider doing this to help support the school. For mobile phone purchases, there is a free app (called Shop and Give) available in the Play store or on iTunes.

Kind regards,

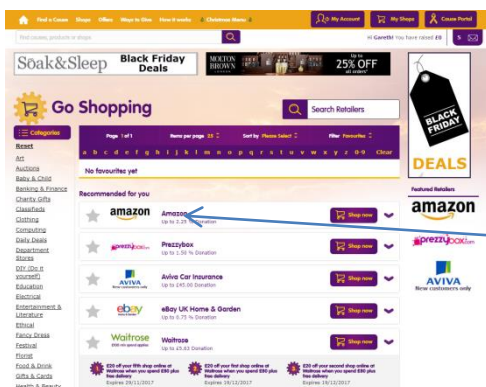

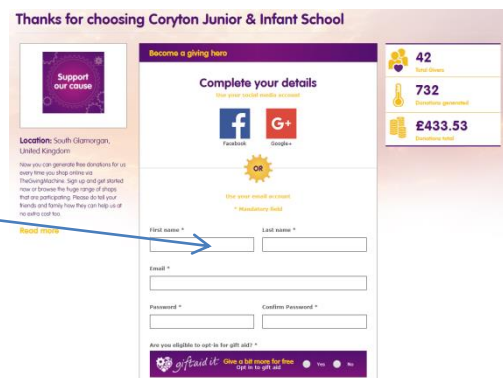

Mr James

- 1) In your web browser go to <https://www.thegivingmachine.co.uk/>

- 2) Click on the + Join symbol and type on Coryton to find the 'Coryton Junior and infant School' details. Click on Join and support.

- 3) Register your details to create your account.

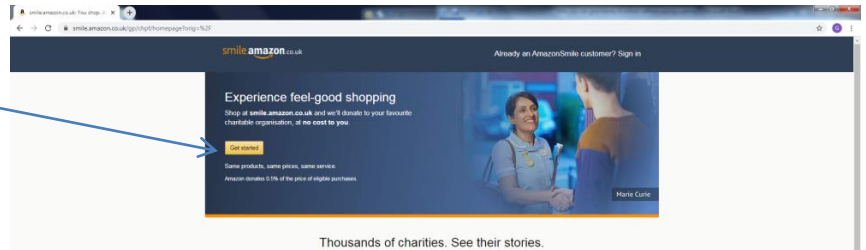

- 4) Go shopping at your favourite online shops and raise money for Coryton without spending an extra penny.

Amazon Smile

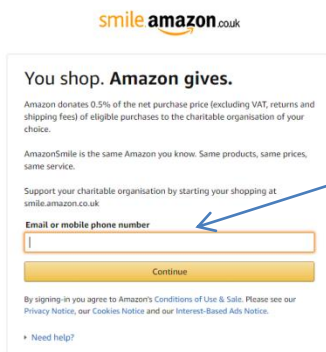

Amazon Smile is a way of raising money for charities every time someone shops with Amazon using the Smile site rather than their main site: <https://smile.amazon.co.uk/>

It costs you nothing, and once signed up it's as simple as adding a smile every time you shop. There's even a plug in which can be added to Chrome which will take you to smile whenever you shop with Amazon. If you already have an Amazon Smile account and want to change your chosen charity to ours, simply log in, click on Amazon Smile on the menu bar, click the change charity button, and search for Coryton Primary School PTA.

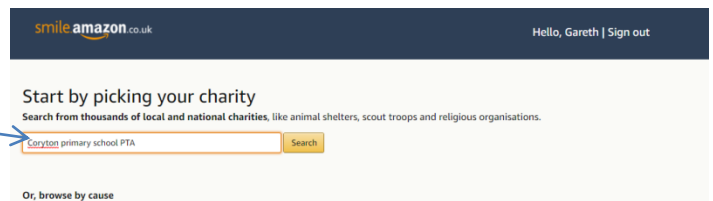

1) Simply click on 'get started'

2) Enter either your mobile number or an email address and create a password

3) Type in Coryton primary school PTA and click search

4) Click select, check the yes box on the next page and start shopping
